

External Auditor Health Screening Self-Assessment Questions

To protect the health and safety of employees, workers, contractors, and visitors, auditors will perform a health screening self-assessment before they visit a work site.

1.	Are you experiencing, or have you experienced, any of the following in the past 10 days? <ul style="list-style-type: none">• A new cough/sneezing? Or an existing cough/sneezing that has gotten worse?• Fever (38°C or 100.4 F)?• Severe shortness of breath or trouble breathing?• Sore throat?• Severe fatigue, trouble waking up?• Confusion or loss of consciousness?• Lost appetite? Lost sense of smell/taste?• Chills?• Runny nose?• Nausea and vomiting?
2.	Have you travelled to any countries outside Canada, including the United States, within the last 14 days?
3.	Within the last 14 days, did you provide care for, or have close contact with, someone who has symptoms of COVID-19 (cough, fever, sneezing, difficulty breathing, or sore throat)?
4.	Have you had close contact (within 2 metres/6 feet) with someone who is being tested for COVID-19 or who has been diagnosed with COVID-19?
5.	Have you performed on-site audit activities for any other client including those outside of SafetyDriven within the past 14 days?
If you answered YES to ANY of the questions above, do not visit the work site.	

Medical information/support:

Auditors can call [HealthLinkBC](https://www.healthlinkbc.ca) (811) any time to talk to a health care provider to discuss how you are feeling and get advice about what to do next
